In addition to his other committee assignments, Senator James has been placed on the Rules and Privileges and Elections Committees.

Optimistic forecasts of the control of the new House came from Democratic and Republican leaders when they heard of the President's call for an extra session of Congress. Many unbiased observers, however, foresee only a long and bitter organizational fight unless a coalition agreement prevents.

Thirty-seven persons are believed to be dead and more than 150 injured at New Castle and other points in Indiana by a tornado that swept over that State Sunday. ## LECTURE TO MEN ONLY

### AND BOYS OVER 13

on "The Flower of Manhood" at Hebron Methodist church, between Stanford and Crab Orchard, on Boone Highway, Sunday, March 18, 2:30 P. M., by Rev. E. T. Adams, D. D. of Kentucky, who was formerly pastor of the First Methodist church, of St. Louis, Mo.

Dr. Adams is a man of wide experience, having extensively traveled throughout this land preaching the wonderful Gospel of Jesus Christ. He has God with him. His great Passion for the soul's welfare of a dying world, and his labors to elevate society, and help men and women to live right, for God is the predominate note in all his work. Back of his masterful powers to unlock sin to the lost and wretched, is a human heart of tenderest compassion, filled with Divine inspiration as he paints soul imagery upon the canvass of human thought, and imagination, in vivid unmistakable Bible truths, until the heart throbs of the God of heaven may be heard in the awakened consciences of men and women. Back of it all and in it all, is felt the wonderful message of God, the Savior of men.

Remember this great meeting for men and boys and be there.

This meeting is only one important feature in the series of revivals services now being conducted at Hebron church, under the joint leadership of the pastor, Rev. J. M. Robinson and Dr. Adams.

Regular revival services every evening at 7:30, every afternoon at 2 o'clock and Sabbath mornings at 10:45, continuing till March the 25th.

You are cordially invited not only to the special service for men, but to all the other services during the revival. Admission to the lecture is free.

## MAMMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look At Tongue! Move Poisons From Liver And Bowels At Once

Mother! Your child isn't naturally cross and peevish. See its tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, does not eat, sleep or act naturally, has stomach-ache, diarrhoea, vomiting, a gentle liver and bowel cleansing should always be the first treatment given. Nothing equals "California Syrup of Figs" for children's ill; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the California Fig Syrup Co. 21-1

## MR. ARNOLD'S MOTHER DEAD

Mr. R. C. Arnold, of this city, was notified Sunday of the death near Primrose, Lee county, of his mother, Mrs. N. J. Arnold, at the advanced age of 73. She died a week before, but far from postoffice and telegraph connection and bad roads and bad weather existing, the news did not reach here until Sunday morning. She is survived by her husband, who is only two months older, and to whom she had been married since 1862, and nine children, including the son here. Mrs. Arnold had for many years been a consistent member of the Christian church and was a mother in all the terms implied. Much sympathy is felt for Mr. Arnold in his great loss.

## TO THE DEMOCRATS OF LINCOLN COUNTY

I am a candidate for jailer of Lincoln county, subject to the action of the primary to be held Saturday, August 4, 1917. I trust that my fealty to the party of parties for years makes it unnecessary for me to go into detail about my record. I was born and raised in Lincoln and know many of her people, but to those I do not, I will ask that they consult their neighbors about me. If my record is good, I ask their support and influence. If it is not, I shall not expect it. I feel that I could fill the important office I seek with credit alike to myself and my party and I ask that I be given the opportunity of proving to the people that I can make a good jailer. Give my candidacy consideration before you pledge yourself, and should you decide to give me your vote and influence, I assure you I shall do all in my power to show that you have reposed confidence in the right person. Again asking your support, I am,

Very truly yours,

JOHN J. MOSER.

## IN NEIGHBORING COUNTIES

The wife of Lewis J. Witherspoon is dead in Anderson county. By a vote of 594 to 44 Lebanon people said they wanted a \$40,000 high school building.

Mr. Orville Tucker and Miss Mary Dowd, of this city, were married Wednesday at Winfield, Tennessee. —Somerset News.

John Crutchfield, 64 years old, died at Lancaster of paralysis. He is survived by his wife and two sons, John Crutchfield, of Lexington and William Crutchfield, of Science Hill. Mr. Crutchfield was originally from Lexington, where he was buried.

The Somerset News notes the deaths of Mrs. Rachel Inman, aged 34, wife of John Inman, of Science Hill; "Uncle Bill" Cundiff, aged 69 at his home on the Crab Orchard pike; Mrs. Lou Newell, aged 60, at the home of Mrs. Dennis McCullough in Somerset; and Jesse Dutton, aged 20.

Republicans of Casey county are the only ones displaying any interest in the campaign for the local jobs and they have precipitated a scramble for various berths. With the entry of James Chelf, the race for County Judge now has a quintette of starters, the others being Harrison Simpson, J. D. Taylor, Henry Thomas and J. M. Tilford. Casey county Democrats, who have in the past landed some of the county offices, are playing a waiting game before deciding on what they will do in the local campaign this year.

## BAD WEATHER CUTS CROWD

The inclemency of the weather yesterday caused many who had intended coming to court to remain at home and the crowd was not as large as the usual March court day gathering. Business was good, however, and the 300 or more cattle at Jones' cattle pens were gobbled up in a jiffy by buyers who were here from several counties. Good prices ruled, the eight-cent mark having been reached. Butcher stuff sold at seven cents and yearlings and two-year-olds from seven to nearly eight cents, the latter figure being reached for a few extra good two-year-olds. The crowd left early in the afternoon, there being no attraction to keep the people after the duties of the day were over.

## LIFT YOUR CORNS OFF WITH FINGERS

Tells How To Loosen A Tender Corn Or Callus So It Lifts Out Without Pain

You reckless men and women who are pestered with corns and who have at least once a week visited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezeone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, roots and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezeone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezeone he can get it at any wholesale drug house for you. 1

## WILLS PROBATED

Three wills were probated in county court yesterday, which was about all the work done by that tribunal. Benjamin Holtzclaw's will left his property to his wife, Robert N. Towler left his farm of 60 acres in the Bee Lick section to his widow, and Mrs. Sarah Carter, of Rowland, who died at Lebanon Junction a few days ago, divided her possessions between her children and grandchildren. Logan R. Hughes was made executor of the latter estate and it was stipulated in the will that he be given the trust without making bond.

## HAD THINGS HIS OWN WAY

Hon. J. R. Mount, of Lancaster, was the only one of the Senatorial aspirants here at court Monday and he had things his own way. Representative H. Clay Kauffman, of Lancaster, was at his post at Frankfort and Hon. Jay Harlan, of Boyle, was at Frankfort arguing a case in the Federal court. Mr. Mount told the J. that he was more than pleased with conditions in his race and that he had many new pledges of support given him while here.

## RANK FOOLISHNESS

You occasionally see it stated that colds do not result from cold weather. That is rank foolishness. Were it true colds would be as prevalent, in midsummer as in midwinter. It is effective and is highly recommended by people who have used it for many years as occasion required, and know its real value. Obtainable everywhere.

## "POSSUM" ROUT PAROLED

## PARTIES TIED IN HOUSE

Representative Cyrus Adams Suloway, 78, the veteran member of Congress from the First New Hampshire District, died Sunday night of pneumonia. The death cut the Republican total down to 214, a tie with the present Democratic strength. Republican leaders, however, say Representative Suloway's district was safely Republican, and pointed out that the New Hampshire statutes direct that the Governor shall, with the advice of counsel, forthwith call a special election in Congressional districts where vacancies occur. Governor Keyes, therefore is expected to call such an election immediately.

There are 18 in the class and each member will prize the picture more and more as the days go by. The cut was made by E. H. Fox, of Danville, and is an excellent one. The legal department of the govern-  
ment having advised President  
Wilson that he has the authority,  
without act of congress, to arm  
American ships to protect them from  
German submarines, he at once is-  
sued orders to arm every merchant-  
man that desired it and furnish men  
to use the cannon upon any belli-  
gerent vessel that would prevent its  
free use of the sea. He also called an  
extra session of congress to convene  
April 16, so that in case the armed  
neutrality results in open conflict it  
will be on hand to declare war. The  
government is without  
any doubt  
and short  
of time  
to govern  
all this has  
been done  
and put at  
naught all  
international  
and civilized  
law. Surely  
we have stood  
all that liberty  
loving people  
ought to stand  
and if war  
comes the imper-  
ial government  
will be made  
to rue the day  
it sought to  
force us from  
the sea.

As the special session of congress  
will be a new body, much interest is  
felt on its organization. The old parties  
were evenly divided in numbers,  
having 215 members each, till a Demo-  
cratic member from New York died,  
leaving the Democrats with 214.  
However, an election has been called  
to fill the vacancy before the con-  
vening of the body. There are six  
progressives, prohibitionists and  
what nots to be reckoned with and  
the side which gets three of them  
will elect the speaker and other offi-  
cials. One Republican is said to op-  
pose Mann, the Republican candidate  
for speaker, and that a Progressive  
elected in Louisiana with the aid of  
the paper of Champ Clark's son-in-  
law, will vote for Mr. Clark. If this  
be true he will be re-elected, but we  
fear it will be too good luck for the  
Democrats, who usually get the  
worse of deals. It is hoped, however,  
that they will win out and that the  
body will be in full sympathy with  
the President's process, which every  
patriotic man endorses.

Penny liners and Smart Aloes  
are wont to shoot the shafts of their  
alleged wit at Vice President Thomas  
R. Marshall and try to make him ap-  
pear a very small man, but the fact  
remains that he has made one of  
the most creditable officials who ever  
held office. He has presided over the  
senate with marked ability and con-  
ducted himself so as to win the ap-  
probation of both parties. Some of  
the best speeches made in the last  
campaign were by him as we and  
others who heard him at Winchester  
can attest. His inaugural address de-  
livered before the senate was a model  
of wisdom and brevity and showed  
that both his heart and his brain are  
in the right place. He is the first vice  
president in the history of the coun-  
try to be re-elected, a distinguishing  
honor that he richly deserves.

The only defense of Traitor Stone  
that has appeared except in the Ger-  
man papers is in the Owensboro Mes-  
senger, which spreads itself in com-  
mendation of Gum Shoe Bill Urey.  
sounds a little Germanic, but Wood-  
son does not and we are therefore  
unable to divine the nautical con-  
nection, unless a fellow feeling pro-  
duces the wrong kind of kindness. By the  
way, Editor Woodson says that Ed-  
itor Breckinridge, of the Lexington  
Herald will be lucky if he escapes  
criminal indictment for his libel of  
Stone and adds that he ought to be  
given a year in the penitentiary for  
it. Now watch the fur fly.

After every presidential inaugura-  
tion, especially if the weather was  
bad the old effort to change the day  
from March 4th to the last of April  
is revived, but as usual it will doubt-  
less end in talk. President Harrison  
died from exposure on inauguration  
day and it is now said that President  
Wilson contracted the cold that has  
kept him in bed a good deal since.  
It is about the worst time of the year  
that the ceremonies could be held and  
the long deferred change would be  
most acceptable.

The New York judge who decided  
that a wife has the right to go  
through her husband's pockets while  
he sleeps and help herself to his cash  
if he does not give her over \$5 a  
week, must either be a bachelor or  
is playing for the woman vote. Now  
is the time for all married men to  
come to the aid of the oppressed.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and restoring nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for anyone that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

## "Come on Over, See My Corn Fall Off!"

"I Put 2 Drops of 'Gels-It' on Last Night—Now Watch—"

"See—all you have to do is to use your two fingers and lift the corn right off. That's the way 'Gels-It' always works. You just put on about 2 drops. Then the corn not only shrivels, but loosens from the toe, without affecting the surrounding flesh in the least. Why, it's almost a pleasure to have corns and

"That Was a Quick Funeral That Corn Had With 'Gels-It'."

see how 'Gels-It' gets them off in a hurry and without the least pain. I can wear tight shoes, dance and walk as though I never had corns."

"Gels-It" makes the use of irritating salves, bandaging, taping, plastering and other things not only foolish, but unnecessary. Use this wonderful discovery, 'Gels-It' for any soft or hard corn or callus. It is the new, simple, easy, quick way, and it never fails. You'll never have to cut a corn again with knives or scissors, and run chances of blood poisoning. Try 'Gels-It' tonight. 'Gels-It' is sold everywhere, \$2 a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy by The Lincoln Pharmacy and The Penny Drug Store.

## HERE'S A HAPPY "TANLAC FAMILY"

Sisters Join Their Mother In Declaring Tanlac Meant  
New Start In Life For Them.

MRS. JOHN LOWE.

MISS FRANCES BURNETT.

MRS. S. C. BURNETT.

"Someone suggested the other day that we tack a sign on our house saying, 'This is a Tanlac Family.' That's because my two daughters and I talk so much about Tanlac. We all wear the Tanlac Smile, too," Mrs. S. C. Burnett, 1408 Walnut street, said.

"But why shouldn't we talk about it when we feel that it has done us a world of good. Everyone of us has been helped by Tanlac and I'll tell you we can't say too much for it."

"First my older daughter, Mrs. John Lowe, tried it. She had lost 30 pounds and was so run down and nervous that even the rumbling of a wagon or the slamming of a door would upset her for hours. We feared we would have to send her to a hospital."

"I honestly believe that Tanlac saved her from complete breakdown. Nothing else seemed to help her. But Tanlac put her on her feet again right quick. Today she is one of the happiest women in Cincinnati."

"Then Frances became run down—sort of half-sick. ... I did and do ..."

"I did and do ..."

"Mother Was Half-Sick."

"As for myself, I felt almost the same as Mrs. Lowe. My stomach troubled me. My appetite was poor and I suffered after eating with bloating and belching of gas. But with the help of Tanlac I got rid of these troubles and now I feel simply splendid."

"But I started out at first to tell

### CAN YOU BEAT THIS?

Mrs. R. L. Berry, of the Hustonville section, made a record with eggs last year that we believe can not be excelled in this county. She sold 2,236 dozen eggs for \$428.50 and used over 200 dozen in her home. If any housewife hereabout can beat Mrs. Berry's record, she will please tell about it in these columns. Mrs. Berry has Single Comb Brown Leghorns exclusively and is very partial to that strain.

# I am Smashing Prices For My Kentucky Home Folks

D. T. BOHON

Our big new book in many colors shows dozens of the newest, most beautiful styles of vehicles at record beating low prices. Send for the book, the biggest, the best, the most startling buggy book ever printed.

We are cutting harness prices to the bone this year. Tippy, nubby styles. All in the big new book.

## Two Big New Bohon Books FREE Neighbors, Men and Women of Kentucky

Do you realize that you have right here at home, within a few miles of you, the biggest Vehicle Factory in the world selling direct to the user? Now we are also smashing prices on merchandise. We want you to have our two free books. We want you to know us. City men in the North said we would not succeed. Even here, close at home, the knockers got after us. Our price smashing frightened dealers and competitors and they got out their hammers.

We don't care. We don't mind that. We want you to come here, see our factory, see the finest vehicles in the world being made, visit with us. Get acquainted. Let's get all the truth. We are slashing prices because we cut out traveling men, dealers, hotel bills, jobbers, middlemen of all kinds.

We live in a little town down here and have neither city ways or city prices. We aren't stuck up. No cabarets or expensive city habits for us or our people. We live honest lives here among honest people where there are no saloons, no idle floating population, no high taxes. Our workmen are sturdy, clean people, the good old-fashioned, hard working kind, the true blood of old Kentucky. If it isn't the best buggy you ever saw for the money, we take it back and it costs you nothing. That gives you plenty of time to decide, to show the buggy to your neighbors, to compare it with what your dealer can offer. You take no chances. We do that. We can do it because we know we have the other fellow beat a mile on quality and price.

## UNLIMITED GUARANTEE BACKED BY \$30,000 BANK BOND

See what that means. The buggy has got to be right. You are absolutely protected against any defects in quality of workmanship or material—not just for a few months or a year but as long as the buggy lasts.

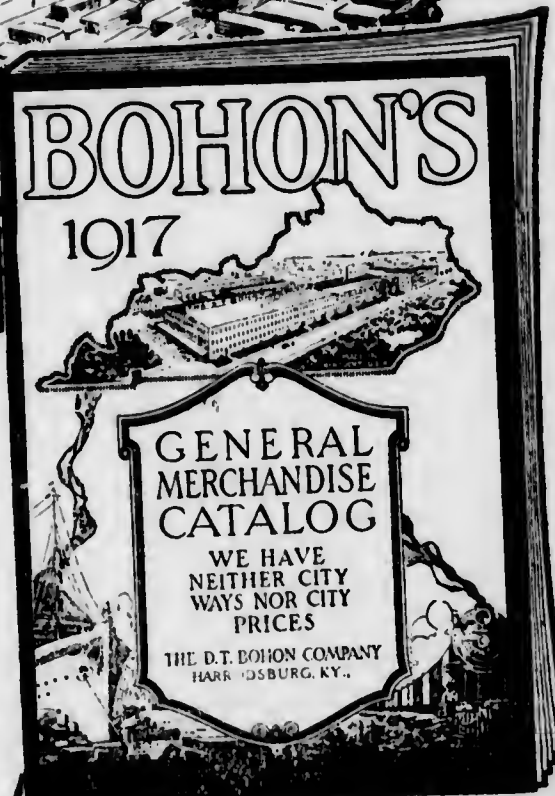

And we have backed up our guarantee. We have deposited with the Mercer National Bank of Harrodsburg our legal, binding bond for \$30,000 to make our guarantee absolutely good. You take no chances. We don't want you to take chances. We are here to save you money—lots of it.
